A FIXTURE BOOK

The morning was quiet and the river ran slow under the bridge, where nobody had walked for a long time. It was, in every sense, an example of a place forgotten.

A second paragraph starts on the first page and continues onto the next page without a break

in the middle of its sentence, as paragraphs often do in printed books.

A third paragraph, short and complete.

The last page has one paragraph of its own,
which ends the document.
